# Requirements

Students have to ordinarily register for at least 30 ECTS credits per semester.

## Language and other requirements

### Undergraduate students

No official certificate is required. Students should have enough knowledge of either Spanish or English to follow lessons and sit exams

In general, minimum B1, although a B2 is strongly recommended. A B2 in either language is compulsory for Engineering degrees. A B2 or C1 is compulsory for some courses from the Modern Languages degree .

If the student is not ready to take courses in Spanish, please check our academic offer in English and make sure before they come that there are enough courses for them to take in order to avoid possible future problematic situations regarding this issue.

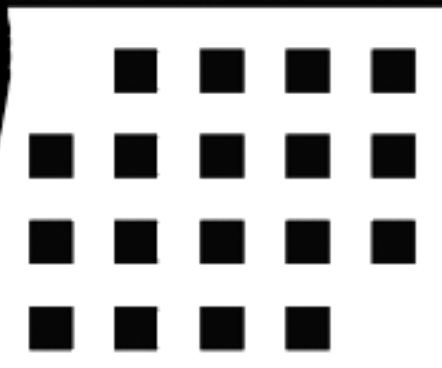

### Master & PhD students

Each master or PhD programme might have a different language requirement, but a C1 in the language of tuition is usually required. Please check with us if you need any further information.

Permission for acceptance must be forwarded to the director of the programme who might also require further documents such as Transcript of Records to decide on the acceptance of the exchange student.
